

Introducing The Missing Piece Of The Profit Puzzle

This One Machine Can Do 18 Different Profitable Decorations On Over 77 Different Materials And 100's Of Items.™

Functions:

- DE710** Embossing & Debossing, on both Leather and Textiles
- DE710** 3D color flock embossing,
- DE710** Hot-foil stamping,
- DE710** Transfer-printing sublimation printing.(Flock,Nailheads & Rhinestone transfers)
- DE710** Screen printing (option 1 - 2 colors),
- DE710** Multimedia embossing combined with embroidery, flock or screen printing.
- DE710** Fusing, Heat-sealing,
- DE710** Drying, Laminating and Die-cutting
- DE710** Full automatic digital program, 7-day timer, presetting for all materials
- DE710** Display shows work time, counter, work modes (semi or full-automatic), error messages, programmable labor rate, fully-automatic calculation of piece costs. Optional hook-up to computer and printer for central monitoring of manufacturing processes
- DE710** Touch-screen display with high speed CPU & Virtual Service System modem
- DE710** Used for all materials like textiles, leather, paper, wood, plastics and thin metals
Used for raw materials and finished goods like t-shirts, caps, labels, greeting cards, signs, wood panels, etc.
- DE710** Production capacity:240-480 pieces/hour or 50 finished leather jackets/hour
- DE710** Stroke adjustment for die-cutting, hot-foil stamping, flock-foil embossing and production cycle time dual optimization
- DE710** Stainless steel heating plate: 406 x 457 mm (16 x 18")
- DE710** Stainless steel revolving table: 838 x 1372 mm (33 x 54")
- DE710** Self contained high-pressure hydraulic system (no air compressor required)
- DE710** Power required is 3 Ø 208V or 600V: machine is 380 volts
(transformers available for all voltages)
- DE710** 10 tonnes (200 Bar or 1400 PSI) true pressure over whole 288 square inches

*PB710 Shown with optional
"Eagle Wing" Screen Printer

New Improvements For 2003
